Gibberish (feat. Travie McCoy)

MAX

I gave you all my loving

At first I had a dozen

But I ain't doing nothing to ever do you like that

But then I caught you creeping

Secrets that you were keeping

Like every other weekend

Why you do me like thatSo now you say you take it all back

Yeah, that don't mean jack

Cause I know the facts

I swear you must be smoking that crack

I'm dipping so fast

Yeah, I don't need that

Now you're running your mouth

But there's nothing that can slow me down

You're messing around

Got me thinking that it's time to you go

Ooh, ooh, ooh, ooh

Cause I'm not listening, no

Ooh, ooh, ooh, ooh

I see you move your lips, but it sounds like gibberishI don't need to uncover

Rising way up above ya

Go run and tell your mother

Why you do me like that

Good luck with all the others

Don't care about the number

You all deserve each other

Why you do me like that

So now you say you take it all back

Yeah, that don't mean jack

Cause I know the facts

I swear you must be smoking that crack

I'm dipping so fast

Yeah, I don't need that Now you're running your mouth

But there's nothing that can slow me down

You're messing around

Got me thinking that it's time to you go

Ooh, ooh, ooh, ooh

Cause I'm not listening, no

Ooh, ooh, ooh, ooh

I see you move your lips, but it sounds like gibberishThese girls like to talk, wait a minute I'm talking back (shh)

Say that she wanted to love me forever, but I was just trying to smash

First date and I'm taking it back Bought herself a ring, I didn't take her to Jared's Russell Wilson and she'll be making a pass We just met, but I think she arranging a marriage

Like, stop, just hold up Not the type to get hopes up

I go hard like I'm suppose to

But you back down like a post up

Oh wait, is that my poster

Album signed by yours truly

I swear you said that you don't know me

But girl it looks like you kinda knew me

Oh shit, obsessed, but i'm already undressed

Already got like 99 problems, and I ain't trying to confess

I did my best to move away

But she follow me with that bouquet

So I shaved my head, bought a toupee

But she too smart like LupeNow you're running your mouth

But there's nothing that can slow me down

You're messing around

Got me thinking that it's time to you go

Ooh, ooh, ooh, ooh

Cause I'm not listening, no

Ooh, ooh, ooh, ooh

I see you move your lips, but it sounds like gibberish Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
