My lil bebe, change your price tag
That's a upgrade on the watch, yeah
Yeah, i'm off work if you want that
Its your rollie be persist yeah
Said my lil bebe change your life yeah
Thats a upgrade on your ice yeah
Night, one night, gimme more than one night
Its all mine when i see you on sight yeah
On sight, it so good you missed your flight, it so exciting
Been waiting to get with you, cant send love through pictures
Catch your chance baby don't miss it, let you tell me
I'm the best that you never had, I'm the best that you never had,
My lil bebe, change your price tag
That's a upgrade on the watch, yeah
Yeah, i'm off work if you want that
Its your rollie be persist yeah
Said my lil bebe change your life yeah
Thats a upgrade on your ice yeah
Stop, i need the bag, i cant go back, i wont do that
Get it straight, nun personal
Been waiting to get with you, cant send love through pictures
Catch your chance baby don't miss it, let you tell me
I'm the best that you never had, I'm the best that you never had,
My lil bebe, change your price tag
That's a upgrade on the watch, yeah
Yeah, i'm off work if you want that
Its your rollie be persist yeah
Said my lil bebe change your life yeah
Thats a upgrade on your ice yeah
Said my lil bebe change your life yeah
That a upgrade on your ice yeah
Night, one night, gimme more than one night
Its all mine when i see you on sight yeah
I'm the best that you never had, I'm the best that you never had
