

Take a Chance With Me

Roxy Music

As they say, two can play
But keep that song away from me
In my time, too much love
Made me sad for so long I was lost, can't you see?
Through the long, lonely night
Heaven knows I believe
Won't you take a chance with me? Sometimes I get so blue
People say I'm just a fool
All the world, even you
Should learn to love the way I do
I was blind, can't you see?
Through the long, lonely night
Heaven knows, I believe
Won't you take a chance with me?
