

# Hold Me Down

## Next

Ghetto

Yo

Hold me down

Next, yeah All I ever need is my wifey

And some real niggas behind me

A lady to hold me down

My niggas will hold me down Someone that can ride in the passenger side

Ride or die, cop the cake, then we define

Can't nothing hold me down

Can't nothing hold me down The sun don't shine, sun don't shine

If I, can't wake up next to mine

Wake her ass up, tap her one more time

No more baby sleepin', but she don't mind

Yeah, she's ghetto

But she keeps a nigga level

Even when I'm short on change

She won't complain, even got an extra job to maintain All I ever need is my wifey

And some real niggas behind me

A lady to hold me down

My niggas will hold me down Someone that can ride in the passenger side

Ride or die, cop the cake, then we define

Can't nothing hold me down

Can't nothing hold me down I use to be real friendly with everybody

'Til somebody tried to take my baby

Now the only niggas that hang with me

Are a chosen few, my chosen crew 'cause

Some niggas are slimy dude but

You know who I'm talkin' to you, trust

Real recognize, real for real,

This is Robert, we fell 'way before the deal All I ever need is my wifey

And some real niggas behind me

A lady to hold me down

My niggas will hold me down Someone that can ride in the passenger side

Ride or die, cop the cake, then we define

Can't nothing hold me down

Can't nothing hold me down All I ever need is my wifey

And some real niggas behind me

A lady to hold me down

My niggas will hold me down Someone that can ride in the passenger side

Ride or die, cop the cake, then we define

Can't nothing hold me down

Can't nothing hold me down No matter how hard it is

Or how bad the storm gets  
I promise this  
That I will always be right here  
If it's a dollar it's fifty cent a piece  
If it's a million you get five hundred Gs  
'Cause we are family  
I'll ride for you, if you'll ride for me  
All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down  
Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down  
All I ever need is my wifey  
And some real niggas behind me  
A lady to hold me down  
My niggas will hold me down  
Someone that can ride in the passenger side  
Ride or die, cop the cake, then we define  
Can't nothing hold me down  
Can't nothing hold me down
