

Swang

Rae Sremmurd

Um, it's nasty

Uh, it's nasty

Uhhh

Know some young niggas like to swang, uhhh

Know some young niggas like to swang

Know some young niggas like to swang Know some young niggas like to swang

Know some young niggas like to swang

Big bank take little bank

Everday spillin' up drank

She want the whole crew, shawty brave

When the money talks, what is there to say?

Blow away, watch it blow away

When I die can't take it to the grave

Hop out, drop, top, fuck y'all talkin' I need it right now

Cash in the air, yeah, what goes up gotta come down

Gettin' dough ain't a thing change

Coasting, grippin' grain

Goin' through the money like a phase

Don't say my name in vain

I'm so glad that you came

All these bad bitches gettin' slain

Broke ass nigga get a clue

All these niggas know how we do Know some young niggas like to swang

Know some young niggas like to swang

Big bank take little bank

Everday spillin' up drank

She want the whole crew, shawty brave

When the money talks, what is there to say?

Blow away, watch it blow away

When I die can't take it to the grave

Hop out, drop, top, fuck y'all talkin' I need it right now

Cash in the air, yeah, what goes up gotta come down

I know some young niggas from the bottom

They'll do anything for a dollar

I coulda went to school to be a doctor

But I dropped out and chose to be a baller

Switchin' lanes, spittin' game in my new drop

Still on a paper chase that don't ever stop

Everybody with me family, that's how we rock

Party at the mansion, we bout to flood the spot

Sremmlife! Know some young niggas like to swang

Know some young niggas like to swang

Big bank take little bank
Everday spillin' up drank
She want the whole crew, shawty brave
When the money talks, what is there to say?
Blow away, watch it blow away
When I die can't take it to the grave
