

# Caught My Eye

## Mint Condition

So nice to see you again  
What a lucky coincidence  
You're the angel who looked and smiled  
As we waited in the checkout line Very nice to meet ya  
Girl I like your features  
Maybe soon I could treat ya  
To somewhere quiet no people  
Or maybe get to know ya  
Over a chi or a mocha  
Anything's alright  
Saw you standing in line  
Baby you caught my eye  
Baby you caught my eye  
Caught my eye  
Baby you caught my eye  
Caught my eye  
Now that you're standing here  
Yeah yeah  
Wanna tell you just how I feel  
So I'll shake off these butterflies  
Yeah  
Just can't leave this chance behind  
Ohhhh no no no Very nice to meet ya  
Meet ya  
Girl I like your features  
I like your features  
Maybe soon I could treat ya  
Yeah  
To somewhere quiet no people  
Or maybe get to know ya  
Wanna get to know ya  
Over a chi or a mocha  
Anything is alright  
Saw you standing in line  
Baby you caught my eye  
Baby you caught my eye  
Caught my eye  
Baby you caught my eye  
Baby you caught my eye  
Very nice to meet ya  
Meet ya  
Girl I like your features

I like your features  
Maybe soon I could treat ya  
Yeah  
To somewhere quiet no people  
Or maybe get to know ya  
Wanna get to know ya  
Over a chi or a mocha  
Anything is alright  
Saw you standing in line  
Baby you caught my eye  
Baby you caught my eye  
Caught my eye  
Baby you caught my eye  
Baby you caught my eye Very nice to meet ya  
Girl I like your features  
Maybe soon I could treat ya  
To somewhere quiet no people  
Or maybe get to know ya  
Over a chi or a mocha  
Anything is alright  
Saw you standing in line  
Baby you caught my eye  
Baby you caught my eye  
Caught my eye
