Pull up and wreck (yeah), pull up and  
If Young Metro don't trust you I'm gon' shoot you [Verse 1: Big Sean]  
Pull up with the spark, hit you in the dark (Woah)  
Tear your ass apart when you swim with sharks  
I'm in the car like Tony Starks cause I'm that smart (Skrrt)  
Doing 106, then Park like I'm in my yard (Sideways)  
And motherfuck the camera time, I need family time (Yeah)  
I need "go see Uncle John in Atlanta" time (John)  
I'd probably never get, but it's cool to fantasize (It's cool)  
Just like I do by old girl and these hands of mine (Woah)  
Gripping on the titties, ass, and her thighs (Oh yeah)  
Honestly, I'm over her and her lies  
Cartier over my eyes while I analyze (I put the work in, they can't take that away)  
Ok, me and Lil Metro, rockin' new retros  
Take off your dress, that's the new dress code  
Too blessed to stress, that's my manifesto (Bless)  
Fuck the professor, I'm too professional  
[Chorus: Big Sean]  
I know some East Side niggas and they love to bang  
Know some West Side niggas like to do the same thing  
Pull up and wreck, pull up and wreck  
Pull up and wreck, pull up and wreck  
I know some East Side niggas and they love to bang  
Know some West Side niggas like to the same thing  
Pull up and wreck, pull up and wreck  
Pull up and wreck, we take no disrespect [Verse 2: 21 Savage]  
I ain't taking disrespect, lil' nigga (Straight up)  
Put a couple holes in your neck, lil' nigga (God)  
Fuck a diss song, get you stressed, lil' nigga (21)

All these diamonds dripping, now she wanna bite me (Facts)  
She broke up with that nigga now he wanna fight me (Ha)

Fox 5 Gang, we don't do no fighting (Gang)  
This Glock gon' knock a nigga down like Tyson (Gang, gang)

Pull up and wreck, we take no disrespect (Disrespect)[Verse 3: Big Sean]  
How a nigga changed and still stayed a hundred? (Huh)  
I ran towards change while y'all ran from it (Woh)  
Y'all wanna ball, I'm Stan Van Gundy  
She wanna hang with me and 'Ye, she know that's good company  
I like my skies Carolina blue and white  
True one, false move and that could paralyze your life (Brr)  
So understand, I'm the overanalyzing type (Type)  
Panoramic views while I'm panning out my life (Look up, look up)  
And I grew up playing GoldenEye (Damn)  
So I'm used to sticking to the mission while they taking shots  
When you this high, you disconnect a lot (Yeah)  
Sometimes I separate myself to connect the dots (I do)  
Only way I'm back is going back home (Home)  
I don't drink tap water, but got tap phones (Brr)  
Dior on my suit, I'm the troop  
Money come around, I'm never out the loop (Loop)  
Kiss the bottom of my boot (Yeah, yeah)[Chorus: Big Sean]

Know some West Side niggas love to the same thing  
Pull up and wreck, pull up and wreck  
Pull up and wreck, pull up and wreck  
I know some East Side niggas and they love to bang  
Know some West Side niggas like to do the same thing  
Pull up and wreck, pull up and wreck  
Pull up and wreck, we take no disrespect[Outro: Big Sean]
