

# Head Turner

## Trina

Head turner, head turner,  
Off in vale halfa, I'm a brain burner.  
Head turner, head turner,  
He say my head game fine, cali from a furniss.  
Killing these hoes, so I bring a gurny,  
Stealing this small, hela, let's confirm it.  
I just keep it going more and further,  
Long story short, I'm a head turner. Silent on the hard, I'm a beautician,  
Yes, she got some tube, but this the new additions.  
You might do it big, but I do it bigger,  
I'm in the deepest pool of money, bitch, are you a swimmer?  
In a day I can get what you get in a month,  
Chunk chunk change, spend that on some Yves Saint Laurent.  
Chunk change, spend that on some Yves Saint Laurent.  
I'm the baddest, you can ask these bitches, they know what's up.  
Head turner, head turner,  
Off in vale halfa, I'm a brain burner.  
Head turner, head turner,  
He say my head game fine, cali from a furniss.  
Killing these hoes, so I bring a gurny,  
Stealing this small, hela, let's confirm it.  
I just keep it going more and further,  
Long story short, I'm a head turner. Paige you on, not mine, tucking all that shit to get you  
knocked off,  
I'm the baddest bitch that's in the RK, hundred fifty thousand,  
Nothing lot near the car drive.  
Doing me, what the fuck you think I came for?  
You say that is going down, I can make you gay lord.  
Text him tell him bring more bottles in my section,  
From the bottom full of pridal I'll be raping.  
Head turner, head turner,  
Off in vale halfa, I'm a brain burner.  
Head turner, head turner,  
He say my head game fine, cali from a furniss.  
Killing these hoes, so I bring a gurny,  
Stealing this small, hela, let's confirm it.  
I just keep it going more and further,  
Long story short, I'm a head turner. Head turner, head turner,  
Off in vale halfa, I'm a brain burner.  
Head turner, head turner,  
He say my head game fine, cali from a furniss.  
Killing these hoes, so I bring a gurny,

Stealing this small, hela, let's confirm it.  
I just keep it going more and further,  
Long story short, I'm a head turner.
