

Good Things

Oscar

We play these games so well you think we made them
And I'm so tired of feeling like this
I wanna go the way I came We are all waiting for good things to happen
Everybody knows it's true
All you got to do is
Look around and you'll see all of the faces, all familiar places too And after all, you said no
longer with you
I feel it slipping away from me
And I'm tired to see the love I've made to this day
We are all waiting for good things to happen
Everybody knows it's true
All you got to do is
Look around and you'll see all of the faces, all familiar places too We all want to be loved by
one another
Sister and your brothers too
All you got to do is
Look around and you'll see all of the faces, all familiar places too Love, love, love, oh
Love, love, love And I feel it slipping away from me
And I'm tired to see the life I've made to this day We are all waiting for good things to happen
Everybody knows it's true
All you got to do is
Look around and you'll see all of the faces, all familiar places too
We all want to be loved by one another
Sister and your brothers too
All you got to do is
Look around and you'll see all of the faces, all familiar places too Love, love, love, oh
Love, love, love, oh
Love
