

# I'm Goin' Back

Jadakiss

I'm goin' back to the way  
The way I used to be  
I got no love for these niggas  
'Cause they ain't got love for me I'm goin' back to the way  
The way I used to be  
With no love for these niggas  
'Cause they ain't got love for me, yeah Yo I don't go to church much but I need him a lot  
And the Ryde is Ruff that's why I got D on my block  
So you can't even get it less I give it to you hard  
And everybody don't get it then some niggas get a nod I done brung niggas shopping, brung  
niggas touring  
Those with high bails came home by the morning  
Kept niggas with Nike's on niggas lights on  
Not on no sucka shit trying to make it right for them  
Then you try to show 'em shit the average nigga  
Don't appreciate nothing so all that shit is over with  
Entourage light up more shooters than fighters  
People that's there to work stead is there to divide us No more royalties, loyal fees  
The less headaches it is more for me  
I'm a grown man it took me a minute to figure out  
My career is in my own hand I'm goin' back to the way  
The way I used to be  
I got no love for these niggas  
'Cause they ain't got love for me I'm goin' back to the way  
The way I used to be  
With no love for these niggas  
'Cause they ain't got love for me, yeah  
Yo, as far as the industry goes, everybody's a foe  
Only a friend when they want you to flow  
I done came straight off the plane into another mans session  
And spit pain and ain't charge him a thing Had to make my line of respect real thinner  
Started getting real hungry, I needed a real dinner  
Sin whoever you want, I'm kissing them all  
Did a track with everybody except Mr. Shakur To me a plaque ain't nothing but some shit for  
the wall  
And I ain't hating on the people who got 'em, I got a lot of 'em  
But I don't got the money they got, so I ain't proud of 'em  
I'm proud of me 'cause only I can get the guts out of me I'm goin' back to the way  
The way I used to be  
I got no love for these niggas  
'Cause they ain't got love for me I'm goin' back to the way  
The way I used to be

With no love for these niggas  
'Cause they ain't got love for me, yeah Even though I'm strong the bullshit still be penetrating  
It ain't nothing personal y'all, I'm just ventilating  
It was starting to make me tense how I put a dent in the game  
And came back to make more dents More than one hand on the gun  
Just makes more prints the older I get  
The Bible starts to make more sense  
When I drive by and give you the horn, I ain't flip  
I'm just handling my business and keeping it going Instead of pieces, I'm getting the lumps for  
real for real  
And get a nigga ass like I did from the jump  
'Cause usually a problem would help and you always  
Gonna need somebody but all you got is yourself that's why I'm goin' back to the way  
The way I used to be  
I got no love for these niggas  
'Cause they ain't got love for me I'm goin' back to the way  
The way I used to be  
With no love for these niggas  
'Cause they ain't got love for me, yeah
