

# Lights Down Low (feat. Waka Flocka Flame)

## Bei Maejor

We gone get it on  
We gone get it on  
And we gone get it on  
We gone get it on I know what you want  
I know what you want Lil mama want her hair pulled  
Legs pushed back  
Only like a Rottweiler and a kitty cat  
She want it wild  
Shawty wanna scream  
Only from the front, back, side, and in between  
Want it all the time, she a fiend  
So good, I see it in my dreams  
She wanna arch her back when I hit it  
When I do it mama wanna holla get it  
She said  
Take it slow, put it down on me  
'Pose to jump on it, ride like a pony  
Lights down low, time to get naughty  
Lights down low, time to, time to get naughty  
Take it slow, put it down on me  
Baby jump on it, ride like a pony  
Lights down low, time to get naughty  
Lights down low, lights down low  
And we gone get it on  
We gone get it on I know what you want  
I know what you want She said I'm going too fast, take it slow  
So I slapped her on the ass, start pullin' on her hair  
She nibbled to my ear like boy it's good  
She love the way I'm tellin' how a nigga keep it hood  
Give it to me daddy, that's what she keeps screamin, give it to me daddy  
...  
She love the way I beat it She wish that I could repeat it  
I got her in a trance Man I'm even fuckin friends  
Got 'her blowing like the wind She's shaking, got me impatient  
Back and forth pacin', man I need my medication  
Lights down low so we gettin' naughty  
Making fuck faces, she ride me like a Harley  
Take it slow, put it down on me  
'Pose to jump on it, ride like a pony  
Lights down low, time to get naughty  
Lights down low, time to, time to get naughty  
Take it slow, put it down on me

Baby jump on it, ride like a pony  
Lights down low, time to get naughty  
Lights down low, lights down low  
We gone get it on  
We gone get it on I know what you want  
I know what you want
