

# Lonely (feat. Lil Skies)

## Yung Bans

Damn, that's Surreal right there?  
That's your lover, yeah I got all kinds of drugs for when I get lonely, lonely  
When I get lonely, lonely (I got all kinds of drugs)  
When I get lonely, lonely  
Yeah  
I got all kinds of drugs for when I get lonely, lonely  
(I got all kinds of drugs)  
When I get lonely, lonely  
When I get lonely, lonely (I got all kinds of drugs)  
Yeah, aye  
When I'm low, yeah, she put me up (Yeah)  
I'm sellin' shrooms when I'm in the cut  
I got a choppa wit' me in the clutch (Yeah)  
I'm 'bout to make these niggas give it up (Yeah)  
Yellow bone, and she stuck up (Ha)  
I'm like fuck that, drink this nut up  
These drugs, they gon' be there for me when you won't  
These drugs, they gon' get me higher when you don't  
Yeah, bellis in my lungs  
Hit a xanny, I'm too high, perkys for the road  
Pop a bean, I'm on beast mode  
Pink molly for a freak hoe  
I got all kinds of drugs for when get lonely, lonely  
When I get lonely, lonely (I got all kinds of drugs)  
When I get lonely, lonely  
Yeah  
I got all kinds of drugs for when I get lonely, lonely  
(I got all kinds of drugs)  
When I get lonely, lonely  
When I get lonely, lonely (I got all kinds of drugs)  
(Aye, aye) Yeah Pray to the deacon, think my demons tryna wake me up  
Call me Lil' Kodak, off a jigga when I'm booted up  
The stars aligned, now it's my time, you never do enough  
I got the drugs, send me the addie, I ain't pullin' up  
I get high by myself, I don't need no one else  
My bank account on tilt, these rookies like to steal  
Mad 'cause I know the deal, life of a outsider  
Bitch we up in the hills, all black like bike riders  
I pull up wit' the mob, we had to jugg and rob  
Trappin' was like a job, now we eat shish kabobs  
Sit back and laugh at it, now we the trendin' topic  
I know they see me now, like, "Boy, that nigga poppin'

I call up Yung Bans, pull up in minivans  
And if that nigga talkin', we'll pop you and your mans  
Bitch I don't fear nobody, I feel like Killa Cam  
I'm in a black Coupe, zoomin' like Batman I got all kinds of drugs for when I get lonely, lonely  
When I get lonely, lonely (I got all kinds of drugs)  
When I get lonely, lonely  
Yeah  
I got all kinds of drugs for when I get  
lonely, lonely (I got all kinds of drugs)  
When I get lonely, lonely  
When I get lonely, lonely (I got all kinds of drugs)  
Yeah Damn, that's Surreal right there?
