Okay, okay, okay. Told her bust it open she said okay.
But what she wearin? Chanel & Dolce.
How she want it? Beat up like O.J.
Skurt, Skurt on a bitch nigga.
How much time do you got for a rich nigga?
I need action while relaxin, and a bitch that knows gymnastics so
She can divide her legs on this dick like a fraction.
Right, Right, Left. Hit em with that Right, Left.
I got that best stroker, I don't need no pipe test.
My dick work girl, I don't need no mic check, no panties on I can see your pussy through that
white dress.
I ain't trippin baby girl make that money, cus if I fuck her right she just might give somethin to
me,
and better yet...
Fuck with me for better sex I know all the right spots to keep that punani wet.
Girl you know you look fine as hell right?
You know I'll buy you that Chanel right?
You know I'll fuck you like I'm fresh outta of jail right?
And if you cheated on me I won't care right? (She make that ass go)
Left, Left, Right

I'm a Pisces. She's a Taurus. She said she expensive. Well. I could afford it.
Never pay for it, but I could explore it, have your tongue out and legs cocked open like Jordan.
She just wanna... strip and make a million right?
So she could get rich and feed the children right?.
She ain't got no ass shots her shit real. Got her checkin in with me like I was a P.O.
I hate make-up, I hate broke hoes, I can't talk to you bitch I ain't SoSo.
Where the bad bitches at? Let me know doe, I can send this dick your way baby postal!
Is it Brittany? or Myiesha? Where the ghetto bitches at? Queesha and Syeeta?
She dancin for them dollas cus she don't know no betta, she from the hood so she know how to
throw it back betta.
Girl you know you look fine as hell right?
You know I'll buy you that Chanel right?
