

Ghost (feat. Nikki Flores)

Jake Miller

I'm just a ghost, but I'm not the only one,
I guess I'm not the only one This one's for the kids that walk around with their hoodies up
No one to talk to and and on the verge of givin' up
Same shit, different day, nothing seems to work out
Headphones on, always tryin' to tune the world out
And this one's for the kids that get picked last
Yeah, so might as well just skip gym class
Why not? I bet no one would even notice
'Cause no one really cares when you're down, feeling hopeless
And this one's for the kids that at lunch sit slone
So embarassed you pretendin' that you're on the phone
But then you realize that it doesn't really help
'Cause ain't nobody on the line, you're just talking to yourself
And it stinks, right?! Yeah, I know
Sometimes it feels like you're on your own
Trust me, you were not the only one, life has only just begun
Just remember that you're not alone I'm just a ghost, oh-hoo (yeah)
They're staring right at me, (right at me)
Looking right pass me, (right pass me)
I'm just a ghost oh-hoo (yeah)
Who do I turn to (Who do I turn to)
When I feel see-through? (yeah, see-through, yeah)
I'm just a ghost, but I'm not the only one,
I guess I'm not the only one
Like you feel invisible, but I can see you
You're callin' out, nobody's answering, but I can hear you
They don't like me, they don't get me, they don't feel my pain
But there's a million people out there who relate to you or feel the same
Yeah, so just smile and you'll be alright
When you're feeling like a ghost blowing through the air
Remember stars still shine in the darkest nights
Even when you can't see 'em, they're always there
Yeah, so keep your eyes up to the sky
We're all in this together, we gonna make it if we try
It's hard when you're feeling like you're lost and forgotten
And you got no one around to dry your tears, when you cry And it stinks, right?! Yeah, I know
Sometimes it feels like you're on your own
Trust me, you were not the only one, life has only just begun
Just remember that you're not alone I'm just a ghost, oh-hoo (yeah)
They're staring right at me, (right at me)
Looking right pass me, (right pass me)
I'm just a ghost oh-hoo (yeah)

Who do I turn to (Who do I turn to)
When I feel see-through? (yeah, see-through, yeah) So tonight, I'ma fly up to the sky and let the
whole world see me
And if you're feeling how I'm feeling you should come along with me
It's the last time you'll ever look pass me again
I'm not a ghost, I'm more alive than I've ever been
I'm let the whole world see me
And if you're feeling how I'm feeling you should come along with me
It's the last time you'll ever look pass me again
I'm not a ghost, I'm more alive than I've ever been I'm just a ghost, oh-hoo
They're staring right at me,
Looking right pass me,
I'm just a ghost oh-hoo
Who do I turn to (yeah)
When I feel see-through? (come on) I'm just a ghost, oh-hoo (yeah)
They're staring right at me, (right at me)
Looking right pass me, (right pass me)
I'm just a ghost (you're not a ghost)
Who do I turn to (so keep your head up)
When I feel see-through? (and one day the whole world's gonna see you, yeah) I'm just a ghost,
but I'm not the only one,
I guess I'm not the only one
