

# Kung Fu (feat. WHATUPRG & Ty Brasel)

## 1K Phew

When you make big plays, you get rings  
Oh, I just can't wait  
Let's do it  
Woo!  
Livin' these?raps,?yeah  
Givin' them facts,?yeah (Big facts)  
Why would I cap  
Ayy,?yuh  
Givin' them facts, yeah  
Why would I chat, yeah  
What?Just call my name, I'll be right there (Right there)  
Sleepin' on the wave undersea nightmare (Nightmare)  
Voices in my head tellin' me, "Fight fair" (Fight fair)  
Jackie Chan with the Bruce Lee (Huh, what?)  
Shinin' in your city, I'm a streetlight, yeah (Streetlight)  
We the ones that they wanna be like, yeah (Ayy, we the ones)  
Voices in my head tellin' me, "Fight fair" (Keep up)  
Jackie Chan with the Bruce Lee (Huh, what?)  
Yeah  
Stack it up, give out the rest (Rest)  
Take a lil' trip and come back (Come back)  
I've been up fightin' these demons  
Feel like we been in Iraq (For real)  
'Cause I remember the season  
We was all under attack (Attack)  
If you just look at the reason  
Maybe you'll learn to relax  
Let me talk  
I wanna rock the night (Tonight)  
Livin' the life, for life (Life)  
Had to make sacrifices, yeah (Had to make sacrifices)  
And I'm in yo' city lights  
Figured it must be nice (Be nice)  
Had to go reunite, yeah (Ha)  
Just call my name, I'll be right there (Right there)  
Sleepin' on the wave undersea nightmare (Nightmare)  
Voices in my head tellin' me, "Fight fair" (Fight fair)  
Jackie Chan with the Bruce Lee (Huh, what?)  
Shinin' in your city, I'm a streetlight, yeah (Streetlight)  
We the ones that they wanna be like, yeah (Ayy, we the ones)  
Voices in my head tellin' me, "Fight fair" (Keep up)  
Jackie Chan with the Bruce Lee (Huh, what?)When you make big plays, you get rings

Oh, I just can't wait Yeah, turn it up, let's make it crack (Crack, crack)  
Take it up, more to the max (Max)  
I took a break, now I withdraw  
Spazz on the track and relapse, uh  
I feel like I could do anything  
I'ma go hard 'til I'm flat (Yeah)  
Never woulda made it  
I've been through the hell and back, yeah  
Devil in a new dress  
I'm in a bulletproof vest  
I can't fear nothing, look  
God with me, I'm ruthless  
Don't need stamps, I'm established  
Phew just threw the lob, when this drops, it's a classic Just call my name, I'll be right there  
Sleepin' on the wave undersea nightmare (Nightmare)  
My DeLorean high speed like, yeah  
Back to the future like, brrrt Top of the morning to ya  
This that after schoolin' tutor  
You ain't attended, Ferris Bueller  
Thirty degrees, I freeze the cooler  
Half of these rappers lyin', Judas  
Superman, I got lanes to save  
This for my brothers, I paved the way  
I made a play and I changed the game Holy!
