

# Backseat Love

Ciara

You gotta read  
First in motion when you're with me  
to ride this ride  
Don't hesitate go in the speed tonight  
No time to waste  
We can get away  
So baby come with me  
and I'll fulfill your fantasy You can get anywhere that you want now  
Tonight is all on me  
waiting for that bom bom bom bom boy  
Come lay it down on me Now we're together  
We gonna be bumbin up them straights  
I feel the pressure  
I got the overdrive you need  
You got me right there where you want me  
Your hands on my body  
This feels so right  
There's parking right here that's how I like it Backseat windows that's the way that I like to  
Backseat windows that's the way that I like to I'm putting  
That special order for you  
For tonight  
You want that  
On the side  
We both grown  
So turnt up  
Put all your love in me  
Baby put all your love in me  
You can get anywhere that you want now  
Tonight is all on me  
waiting for that bom bom bom bom boy  
Come lay it down on me Now we're together  
We gonna be bumbin up them straights  
I feel the pressure  
I got the overdrive you need You got me right there where you want me  
Your hands on my body  
This feels so right  
There's parking right here that's how I like it Backseat windows that's the way that I like to  
Backseat windows that's the way that I like to I think somebody's watching but I don't care  
It's just me and you  
Let's keep going The windows fog the car is rockin  
My feet on the dash please stop it  
Right there, don't stop You got me right there where you want me

Your hands on my body  
This feels so right  
There's parking right here that's how I like it
