

# Aim High

John Legend

You don't have to cry yourself to sleep at night with wet pillows

Girl I know you're hurt

Did you know that you can dry your pillows

With your dreams and smile and your words

Lay your head down in my arms

Oh, I know you were

So just reach inside your heart

And pack your bags

And let's leave this earth

Let's aim high, oh

All you gotta do is close your eyes

And held the sign, visualize

Let's aim high You work so hard for you boss

To him, it's just words

Never considers your dreams, selfish and mean

Down, it's gotta hurt

Just lay your head down in my arms

Girl, I know you were

So let me to abduct your mind with these words

Open your eyes, you're now a bird Let's aim high, oh

All you gotta do is close your eyes

And held the sign, visualize

Let's aim high

You possess the power to do

If you concentrate mountains move

If you just believe that it's true

Please make no mistake

I'll be there too

You possess the power to do

If you concentrate mountains move

If you just believe that it's true

Make no mistake

I'll be there too

Oh, oh

Let's aim high
