I'm lovin' how ya do
I'm lovin' what ya on
I'm so grown off of you
Now don't quote me yet
But, girl, I think ya might
Be someone for me
In the day and in the night
Please believe I ain't the type to sweat ya close
But what's on my mind I gotta let ya know
That I'm thinkin' of steppin' to ya
And if I do, bet I move ya
I ain't ya typical man
Girl, understandI'm diggin' you
And I ain't tryin to run no game
'Cause I'm into you
And you should know me by my name
And I ain't never gon' lie
'Cause I don't really gotta
Baby, I'm certified
Please believe
And I'm cocky wit' it
Baby, I don't mean no harm
But I gots to get it
'Cause yo' wit and yo' charm
Got me on something else
Baby, you know the rest
I'm certified
Now if I was to say
You make me wanna sing
Would you understand
What a nigga really means?
That yo' little body
Is rockin' like a beat
And I got a rhythm that I bet you can freak
Listen to mePlease believe I ain't the type to sweat ya close
But what's on my mind I gotta let ya know
That I'm thinkin' of steppin' to ya
And if I do, bet I move ya
I ain't ya typical man
Baby, understandI'm diggin' you
And I ain't tryin to run no game

'Cause I'm into you
And you should know me by my name

'Cause I don't really gotta
Baby, I'm certified
