

# I Need a Forest Fire (feat. Bon Iver)

James Blake

To burn it like cedar  
I request another dream  
I need a forest fire  
To burn it like cedar  
I request another dream  
I need a forest fire I'm saved by nature  
But it always forgets what I need  
I hope you'll stop me before I'll build a world around me  
We need a forest fire  
We need a forest fire  
We need a forest fire  
We need a forest fire  
You're thicker than you think  
You know that money bought your name  
Caution, swelling, can I repay you with some blame? To burn it like cedar  
I request another dream  
I need a forest fire  
To burn it like cedar  
I request another dream  
I need a forest fire  
To burn it like cedar  
I request another dream  
I need a forest fire  
Stop  
Stop before I build a wall around me  
Stop before I build a wall around me  
Stop before I build a wall around me
