

# Hypnotic Dancefloor

## BoA

Burn it up, B-B-B-Burn it up on this hypnotic dance floor  
I feel like an atomic bomb about to  
detonate

When I hear the beating drum, I just wanna taste  
Don't wanna hear no conversation  
No I don't have the time

It's not about communication

That's not what's on my mind  
Tonight I'm gonna dance for my life

(I wanna) use my body like it's the last time

(I'm gonna) sweat it 'till I'm gonna overload

Push a little more and let it all go  
Burn it up on this hypnotic dance floor

(I wanna) burn it up on this hypnotic dance floor

(I'm gonna) burn it up on this hypnotic dance floor

B-B-B-Burn it up on this hypnotic dance floor

(yeah... hypnotic) Feelin' an erotic charge

Almost like a pain

You make me let down my guard

I wanna scream your name  
Don't wanna hear no conversation

No I don't have the time

It's not about communication

That's not what's on my mind  
Tonight I'm gonna dance for my life

(I wanna) use my body like it's the last time

(I'm gonna) sweat it 'till I'm gonna overload

Push a little more and let it all go  
Burn it up on this hypnotic dance floor

(I wanna) burn it up on this hypnotic dance floor

(I'm gonna) burn it up on this hypnotic dance floor

B-B-B-Burn it up on this hypnotic dance floor

Left to the right, to the back, to the front, we're gonna burn it up (dance for my life)

Left to the right, to the back, to the front, we're gonna burn it up

Left to the right, to the back, to the front, we're gonna burn it up (You and I on this hypnotic  
dancefloor)

Left to the right, to the back, to the front, we're gonna burn it up (You and I on this  
hypnotic) Tonight I'm gonna dance for my life

(I wanna) use my body like it's the last time

(I'm gonna) sweat it 'till I'm gonna overload

Push a little more and let it all go  
Burn it up on this hypnotic dance floor

(I wanna) burn it up on this hypnotic dance floor

(I'm gonna) burn it up on this hypnotic dance floor

B-B-B-Burn it up on this hypnotic dance floor  
Burn it up on this hypnotic dance floor

(I wanna) burn it up on this hypnotic dance floor

(I'm gonna) burn it up on this hypnotic dance floor

B-B-B-Burn it up on this hypnotic dance floor
