

Pretty Girl

Ween

There's a sweater wearin', coat totin', boot footin'
 Good lookin' man on town
There's a smooth-talkin', funny walkin' dude around
 There's a pretty girl and she sees him walkin'
 Looking him up and down
 She thinks she'd like to roll and rock him
Turn his life around
There's a scum-suckin' lip puckin'
 Fat ol' truck drivin' man on town
There's a boot lickin' hiney ticklin' dude around
 There's a pretty girl and he sees her walkin'
 Looking her up and down
 He'd like for her to roll and rock him
Turn his life around
There's a sweater wearin', coat totin', boot footin'
 Good lookin' man on town
There's a smooth-talkin', funny walkin' dude around
 There's a pretty girl and she sees him walkin'
 Looking him up and down
 She thinks she'd like to roll and rock him
Turn his life around, turn his life around
 Turn his life around
