

Fight for All the Wrong Reasons

Nickelback

Well I wanted you, I wanted no one else
I thought it through, I got you to myself
You got off every time you got on to me
I got caught up in favorable slavery
Was it wrong? Was it wrong? I guess it wasn't really right, I guess it wasn't meant to be
It didn't matter what they said 'cause we were good in bed
I guess I stuck around so I could watch us
Fight for all the wrong reasons No, it didn't matter what I tried
It's just a little hard to leave when you're going down on me
I guess I stuck around so I could watch us
Fight for all the wrong reasons
Well you know my friends, they know your enemies
And I'd pretend not to hear what they said to me
'Cause I got off every time you got on to me
Was it wrong to go along with insanity? I guess it wasn't really right, I guess it wasn't meant to
be
It didn't matter what they said, 'cause we were good in bed
I guess I stuck around so I could watch us
Fight for all the wrong reasons No, it didn't matter what I tried
It's just a little hard to leave when you're going down on me
I guess I stuck around so I could watch us
Fight for all the wrong reasons I guess it wasn't what I wanted, it wasn't really what I thought
I thought it was the day I got it, I want it all to go away
I guess it wasn't what I wanted, it wasn't really what I thought
I thought it was the day I got it, I want it all to go away
I guess it wasn't what I wanted, it wasn't really what I thought
I thought it was the day I got it, I want it all to go away
I guess it wasn't what I wanted, it wasn't really what I thought
I thought it was the day I got it, I want it all to go away I guess it wasn't really right, I guess it
wasn't meant to be
It didn't matter what they said, 'cause we were good in bed
I guess I stuck around so I could watch us
Fight for all the wrong reasons No, it didn't matter what I tried
It's just a little hard to leave when you're going down on me
I guess I stuck around so I could watch us
Fight for all the wrong reasons
