

In the Summertime (feat. Rayvon)

Shaggy

SHAGGY: In the Summertime It's a summertime affair

Shaggy ha

Rayvon

Sun and fun in the

Atmosphere, oh yes

In the summertime when

The weather is high

You can stretch right up

And touch the sky

When the weather is fine

You've got women

You've got women

On your mind

I'm gonna drive and ride and

See now what I can find

Now if her daddy's rich

Take her out for a meal

And if her daddy's poor

Then do as you feel

Speedin down the lane even

Thought the speed limit's 25

And when the sun goes down

I'll make it with my cutie pie Weh me say

Pretty little women

Sexy as can be

Sweet as a honey

Sting like bumble bee

Shaggy say

Pretty little women

Sexy as can be

Sweet as honey

Sting like bumble bee

(Rap:)

It's a summertime affair

In the atmosphere

I man love off her attire

And the clothes she wear

Some burn off them with tyre

And a draw down a gear

Some a shine up wax up

Not a sign of snare

Got to be rolling in my

Christas so the girl them stare
This is Shaggy and Rayvon
As your ultimate pair
Taking care of our career
So tell the world beware
'Cause it's a brand new
Selection for your musical ear
We say what we want and
We say what we need
And we love everybody
And we do as we please
And when the weather is fine,
We go fishin' we
Go fishin' in the sea
We are happy to live life
That's our philosophy
Now if her daddy's rich
Take her out for a meal
And if her daddy's poor
Then do as you feel
Speedin down the lane even
Thought the speed limit's 25
And when the sun goes down
I'll make it with my cutie pie
Sweat a run off her body
With her caramel skin
I man smiled at her she
Looked at me and grinned
I offered her a drink she said
Juice and Gin
And I whispered in her ear
I asked how you doin
Where was it that I reside
And I told her Brooklyn
Atmosphere filled with romance
Her eyes sparkling
Just her voice and what
She said let my poor head spin
Raggamuffin Shaggy
With a musical swing
I say
Pretty little woman
Sexy as can be
Sweet as a honey
Sting like bumble bee
Pretty little woman
Sexy as can be
Sweet as a honey
Sting like bumble bee
In the summertime
When the weather is high
You can stretch right up
And touch the sky

When the weather is fine

You've got women
