

Lit Up

Buckcherry

Oh yeah
You wanna find it
C'mon yeah I'm on a plane
With cocaine
And yes I'm all lit up again
Cough up love
And touch up
Your mama said packing lines is sin And yes I'm all lit up again
On the couch, in my bed
And yes I'm all lit up again
Flyin' on I love the cocaine
I love the cocaine
Mama can't you wait yeah!
I'm on a train
And right on
You know the train is staying off the tracks
I'm in touch love
From this crutch
Well you at ten but money I'm on eleven And yes I'm all lit up again
On the couch, in my bed
And yes I'm all lit up again
Flyin' on I love the cocaine
I love the cocaine
Mama can't you wait
Mama can't you wait
I love the cocaine
I love the cocaine
Mama can't you wait
Oh, can't you wait long
Crack the door for the curious girl
'Cause she's waiting, she's been waiting
Chop a line for the fiending man
'Cause he wants one You know, you know you got to
Can you feel it, can you feel it tonight
Are you high love
Tell me are you fucking high
In the moment you are just so right
You're right love
Are you right love And yes I'm all lit up again
On the couch, in my bed
And yes I'm all lit up again
Flyin' on I love the cocaine

I love the cocaine...
