

# Be Ok (feat. Trinidad James)

## Early Mac

Every thing gon be ok  
Even if you ride in the g. o. k  
Theirs niggas at the top,  
was a nigga at the bottom  
Everybody gonna see they day  
Cause I believe that you believe  
Everything that I say  
So get money, fuck hoes  
Everything gon be o  
Everything gon be ok  
Everything gon be alright.  
Everything gon be o  
K K K  
Everything gon be alright(good god)  
Everything gon be ok  
Everything gon be alright  
Everything gon be o

Everything thing gon be alright  
Ay second time around everybody lay down  
Had to get it from the bottom  
even after hit the hound  
Had to get the green so I had a little brown  
I was with my cousin Trap  
he was in another town  
Early Mac came up yet again  
Taking off just like a jet engine  
Never gettin caught I'm intelligent  
Imma be alright, boy you ain't never been  
Bitches head kicked off, I bet your head'l spin  
Keep em poppin that pussy baby that's medicine  
I ain't poppin no pills unless it's excederine  
Cause I be up all night like David letterman  
Ya, working on the comeup  
Get dropped, run up  
You got a red cup, we'll my cup over running  
I don't fuck with no percent  
but I gotta open a can up  
Before I be fucking with a tiny fool  
but I don't fuck a with bands Everything gon be ok  
Everything gon be alright.  
Everything gon be o

Except which shoes imma wear today  
Except which car imma whip today  
Except which chains imma wear today  
Except which rings imma wear today
