

# A Friend Like Me

## The Interrupters

I know, You won't find a friend  
No, you won't find a friend, like me.  
I know, You won't find a friend  
No, you won't find a friend, like me. To all the ones who stand beside me  
When times are trying  
And I run out of money But if you're with me and not against me  
I'll be your lucky pammy  
My loyalty runs free  
I know, You won't find a friend  
No, you won't find a friend, like me.  
I know, You won't find a friend  
No, you won't find a friend, like me. I will be your liberator  
Turn of the fajor  
Yeah we'll tell-tale time And if you ever need a savior  
I may be that lady  
I tell you I am the one I know, You won't find a friend  
No, you won't find a friend, like me.  
I know, You won't find a friend  
No, you won't find a friend, like me. I know, into battle, I'm alone  
If you ever fall in love for someone like me eh  
I know, You won't find a friend  
No, you won't find a friend, like me.  
I know, You won't find a friend  
No, you won't find a friend, like me.  
I know, You won't find a friend  
No, you won't find a friend, like me.
