

club

Kelsea Ballerini

Yeah, I like my friends, yeah, I like tequila
I like puttin' on a dress and dancin' with my feelings
I could be the life of any party I can play along with anybody
But sorry I don't wanna go to the club
I don't wanna watch everybody around me try to hook up
And say stuff they don't mean
And get drunk and get cheap
So what's wrong with me
'Cause I don't wanna go to the club I already know it ain't worth it in the morning, oh-oh
And, yeah, I like the high, I just don't like payin' for it
I'm stressin' over conversations
But now that's anxiety that I'm erasin'
'Cause lately
I don't wanna go to the club
I don't wanna watch everybody around me try to hook up
And say stuff they don't mean
And get drunk and get cheap
So what's wrong with me
'Cause I don't wanna go to the club I don't wanna wake up on the floor of a bathroom
Lookin' at the stamps on my hand like a tattoo
Say I'm never doin' that again if I don't have to
And I don't have to go to the club
Hmm, so I don't wanna go to the club, nah nah, nah nah I don't wanna go to the club
I don't wanna watch everybody around me try to hook up
And say stuff they don't mean
And get drunk and get cheap
So what's wrong with me
'Cause I don't wanna go to the club
I don't wanna go to the club
I don't wanna watch everybody around me try to hook up
And say stuff they don't mean
And get drunk and get cheap
So what's wrong with me
'Cause I don't wanna go to the club I don't wanna wake up on the floor of a bathroom
Lookin' at the stamps on my hand like a tattoo
Say I'm never doin' that again if I don't have to
And I don't have to go to the club
