

# 4 The Rest of Your Life

## Eamon

(chorus)

I may not be your man baby  
But you know i'm driving you crazy  
Thats why you'll fuck with me  
For the rest of your life  
I know your lovin the sex  
Swallow it up  
its better than x  
Thats why you stuck with me  
4 the rest of your life  
In your room  
cryin' over bullshit  
Cause you know  
Only i could hit it  
The way you like it girl  
It's been a while  
but you'll really cant tell  
Cause when we fuck  
You know it's hot as hell  
Don't be mad be glad  
That you got me girlyou can't stand me  
And you don't love me  
but why do you keep  
Calling me girl  
You say cause your bored  
I am not so sure  
My lips are shut  
As long as you stay open

(chorus)

I may not be your man baby  
But you know i'm driving you crazy  
Thats why you'll fuck with me  
For the rest of your life  
I know your lovin the sex  
Swallow it up  
its better than x  
Thats why you stuck with me  
4 the rest of your liferumors spread, that i don't act right  
But i'm good when it's late at night
