

# Sad

## Bebe Rexha

Do you ever sit?  
In silence all alone?  
Drowned out by your thoughts?  
Tryna get a grip, but just keep on spiralling down  
Voices getting loud  
Feeling something now  
Only you know where to will  
Do you ever sleep?  
With troubles in your head?  
Wrapped up in regrets?  
Reaching for the help you gotta find inside yourself  
You're stuck inside a spell  
Don't need nobody else, -body else So don't you mind  
I'm doing just fine, I'll be fine, I'll be fine  
Maybe I'm just comfortable  
Maybe I'm just comfortable  
Baby, maybe I-I-I'm just comfortable being sad (oh woah)  
Yeah, maybe I'm just comfortable  
Maybe I'm just comfortable  
Baby, maybe I-I-I'm just comfortable being sad (oh woah) I need to get away from inside my  
brain  
I feel some type of way  
I'm dancing all alone, surrounded by everyone else  
I do it to myself  
Not asking for your help, for your help So don't you mind  
I'm doing just fine, I'll be fine, I'll be fine Maybe I'm just comfortable  
Maybe I'm just comfortable  
Baby, maybe I-I-I'm just comfortable being sad (oh woah)  
Yeah, maybe I'm just comfortable  
Maybe I'm just comfortable  
Baby, maybe I-I-I'm just comfortable being sad (oh woah)  
So don't you mind  
I'm doing just fine, I'll be fine, I'll be fine Maybe I'm just comfortable  
Maybe I'm just comfortable  
Baby, maybe I-I-I'm just comfortable being sad (oh woah)  
Yeah, maybe I'm just comfortable  
Maybe I'm just comfortable  
Baby, maybe I-I-I'm just comfortable being sad (oh woah)
