

# Trouble Is

## Backstreet Boys

How come you never know what you've got until it's gone  
Too bad cause I never felt so good with anyone  
How fool was I in the thinking I was gonna be alright, OK, fine  
So everyday I fight a little harder to forget her  
I lie here, convince myself tomorrow will be better  
The trouble is I can't get her out of my mind  
when I close my eyes at night  
Who's gonna save me now she's gone  
The trouble is there's a part of me that still can't let go of her memory  
And now I know what it is  
Love is what the trouble is  
Love is what the trouble is  
How come she said you never wear your heart where I can see  
Too bad cause now I'm the one who's sorry  
How stupid was I in the thinking I was gonna be alright, OK, fine  
So everyday I find a little something to remind me  
No matter how I'll try, can't put the past behind me  
The trouble is I can't get her out of my mind  
when I close my eyes at night  
Who's gonna save me now she's gone  
The trouble is there's a part of me that still can't let go of her memory  
Now I know what it is  
Love has left me lonely  
I'm alright, I'm OK, I'll be fine, give it time  
But the only  
Trouble is I can't get her out of my mind when I close my eyes at night  
Who's gonna save me now she's gone  
The trouble is there's a part of me that still can't let go of her memory  
And now I know what it is  
Now I know what it is  
Cause love is what the trouble is  
Love is what the trouble is
