

# #iWantDat (feat. Problem & Bad Lucc)

## Mindless Behavior

Charge your own 10, charge your own 10  
20/20 for the money, bruh we locked in  
Circle full of baddies got me boxed in  
Coupe lettin' loose, who boo wanna hop in?  
Ride with a winner one time though  
Make that ass clap then bring it back 'fore the encore  
Ain't about money, or fuckin' and it's no time for the convo  
Alej-Alejandro, lucky blanco, squad!  
Diamonds ain't everything, yeah  
Make yo' women just say, yeah, yeah, yeah  
Now put yo' hands in the air  
Repeat everything after here  
Don't play cause I want you  
You already know what we gon' do (you already know)  
Drop low like a limbo  
Let me see you do it for the whole crew  
Cause I know you wanna get like me  
If your girlfriends with it we can all be free  
We be goin' up, in the club til 3  
Is you rollin' wit me? Posse on Sunset, but we look like Crenshaw  
Got the club on all star  
Baby want access, cause she know what the drink cost  
She gon' grind on my lap til I lift off  
Yeah cause I know you bout it  
Money on the floor cause you know I got it  
Real nigga ain't no doubt about it  
You got a body like you work at Onyx  
Girl you know what it is  
You gon' roll with a boss  
Have the time of your life  
I ain't tellin no lies  
You ain't gotta be shy (cause I want dat) I know exactly what you like  
You don't have to blow my high  
Whatever's on your mind  
Can we do it right now cause I want dat Don't play cause I want you  
You already know what we gon' do (you already know)  
Drop low like a limbo  
Let me see you do it for the whole crew  
Cause I know you wanna get like me  
If your girlfriends with it we can all be free  
We be goin' up, in the club til 3  
Is you rollin' wit me? Yeah she know I got paper

Shawty want me to save her  
If she give me that new-new  
Then I'm like yeah, yeah  
Won't you put it in the air
