

# Just for Now

Maren Morris

Somethin' came out of the ashes  
And I don't know how it happened  
Darlin', I'll just quit askin' 'Cause it feels alright  
I held a burden that was so strong  
For a love that couldn't go on  
I was in the dark for so long  
But you brought that light You don't have to be the answer to a question  
That's gonna change my life  
Don't need a saviour, I'm just sayin'  
I don't wanna say goodnight  
I don't have to hold you to nothin', honey  
I just wanna hold you closer  
This could turn into somethin'  
Or tomorrow mornin', it could be over  
But either way it goes, baby, you just gotta know  
We got nothin' to worry about, yeah  
Damn, we got gold in the love that we found  
Even if it's just for now  
Even if it's just for now It's kind of liberatin'  
That you know just what I'm sayin'  
And if the truth is whatever we make it  
We walk the same line It's the first time in a long time  
That my heart feels whole and I don't know why  
Keep doin' what you're doin'  
'Cause tonight, we don't gotta decide  
I don't have to hold you to nothin', honey  
I just wanna hold you closer  
This could turn into somethin'  
Or tomorrow mornin', it could be over  
But either way it goes, baby, you just gotta know  
We got nothin' to worry about, yeah  
Damn, we got gold in the love that we found  
Even if it's just for now  
Even if it's just for now Just for the healin'  
Just for the night  
Just for the distraction  
That gets us to the next time I don't have to hold you to nothin', honey  
I just wanna hold you closer  
This could turn into somethin'  
Or tomorrow mornin', it could be over  
But either way it goes, baby, you just gotta know  
We got nothin' to worry about

Damn, we got gold in the love that we found  
Even if it's just for now  
Even if it's just for nowEven if it's just for now  
Even if it's just for now
