## Dr. Alban

Yo whassup? This is Dr. Doom  
I know I killed Dr. Octagon  
Now how they gon' come back with some type of return?  
That's why I'm back  
I'ma put the finishing touches on this guy  
You witness the execution, rest in peace  
This is a true story, how I put the clamp on Octagon  
Drowned him in the water until he was gone  
Then he came back alive, I stabbed him over 17 times  
But you people out there wouldn't let him die  
Y'all put him on the respirator  
The critics that gave him mouth to mouth resuscitation was a hater  
Dreamworks signed him to a major  
Tony Isobel and Dan wanted to adopt him from the hospital again  
Two weeks later, Dr. Octagon was dead  
Electrocuted by electric razor  
Octagon is gone, this image was pawned  
Every now and then I go visit him in the cemetery on and on  
No whack remixes or duplicated copies  
(Rest in peace)  
Octagon is deceased  
No whack remixes or duplicated copies  
(Rest in peace)  
Octagon is deceased  
Me and Kurt seen him at the hospital yesterday  
I pulled the plug out on Dr. Ock  
He was good as the creator, but a bunch of people didn't know  
I beat him to death with rocks in a sock  
Left him for dead on some alternative block  
With some bad parents from Germany and Swiss  
That wanted him to go candy pop, something called candy hop  
The world was forcin' a nightmare down people's throats  
That had to stop  
They got excited every time somethin'  
That was created in 3 days would drop  
A Yoo-Hoo and donuts  
I had two hundred thousand people goin' so nuts  
To the extreme, they tried to duplicate the same record  
I had to check it  
No whack remixes or duplicated copies  
(Rest in peace)  
Octagon is deceased

No whack remixes or duplicated copies  
(Rest in peace)  
Octagon is deceased  
With all the rock bands offering their condolences  
To the producers of 'The Return', I had to overshadow their credits  
And wait my turn on the worthless, now Dr. Doom has risen  
After this the universe will hear the long awaited LP  
The truth will now surface, to be announced  
The message on your brain plus the sabotage  
No whack remixes or duplicated copies  
(Rest in peace)  
Octagon is deceased  
No whack remixes or duplicated copies  
(Rest in peace)  
Octagon is deceased  
Octagon is deceased
