

# Renegade (feat. Freddie Gibbs)

## Destructo

It's too late when we realize  
That our life is turning counter - clockwise  
The clock is running down against your will  
Are you aware to be caught in the mill?  
Our values are a freakin' marketing campaign  
Can an individual really sustain?  
We can not recover - from mistakes others made  
We can not accept - breakdown of the renegades  
We can not be feasting - when others die by the blade  
We can not accept - breakdown of the renegades  
You are caught in the web of lies  
Will your beloved tolerate your disguise?  
You can not turn back the wheel of time  
Confess that there is no victimless crime!  
Our values are a freaking marketing campaign  
Can an individual really sustain?  
We can not recover - from mistakes others made  
We can not accept- breakdown of the renegades  
We can not be feasting - when others die by the blade  
We can not accept - breakdown of the renegades  
What is the most precious thing in your life?  
To prevail be honest or to survive?  
What is the most precious thing in your life?  
To benefit  
- take centre stage or to spend time right?  
We can not recover - from mistakes others made  
We can not accept - breakdown of the renegades  
We can not be feasting - when others die by the blade  
We can not accept - breakdown of the renegades  
Breakdown-breakdown!
