

That Old Pair of Jeans (Edit)

Fatboy Slim

Ha, Ha Ha, na na na, naaa na na, na na na
Na, na na, na na na, naaa na na, na na naHa, Ha Ha, na na na, naaa na na, na na na
Na, na na, na na na, naaa na na, na na naAll you used to do was put me down
But I found a way to pick myself up off the ground
And all you used to do was criticize me
But now I found the good and I emphasize it seeYou would always get so sensitive
And try to turn your transgressions into my guiltiness
But now I'm certain of the way I live
And what I'm responsible for in this twisted game
And it's such a shame
That you try to make pain
Another word for my name
Whether giving or receiving
It's one and the same
Just one more link
In your long-ass chain
But it's time to break
This frame and my strengthful will
Time to jump off this negative cycle we've built
Gave my heart
But my self-respect you won't steal
Now it's time to let ya go if you can't hear or feel me goHa, Ha Ha, na na na, naaa na na, na na
na
Na, na na, na na na, naaa na na, na na na
So I asked my momma for her two cents
And then I asked my little sister and I asked my friend
Then I asked my poppa once and I asked him again
Came to the consensus from all them opinions
That life is too short to be unhappy
And since I know what I'm worth there'll be no settling for dirt
Knowing what I deserve is gold
If I want diamonds then I can't settle for coalMaybe I was just too strong to let go
Maybe I was just too weak to let it show
Maybe I was just too stubborn to say "No"
But whatever the case I can't take it no moreHa, Ha Ha, na na na, naaa na na, na na na
Na, na na, na na na, naaa na na, na na naHa, Ha Ha, na na na, naaa na na, na na na
Na, na na, na na na, naaa na na, na na naHa, Ha Ha, na na na, naaa na na, na na na
Na, na na, na na na, naaa na na, na na naHa, Ha Ha, na na na, naaa na na, na na na
Na, na na, na na na, naaa na na, na na naSometimes I think maybe we'll patch it all up
Like a favorite pair of jeans that you won't give up on
Or maybe one of these arguments will make up
And start again like when we started this up

Back when everything was fresh
And every moment a blessing
I'd laugh at all of your jokes
You'd listen to my suggestions
One mind, one soul,
One common destination

Now we can't help but fight over the direction You've got to slow down...
