

All That's Left (feat. The Time Jumpers)

Miranda Lambert

Get your shoes on, get your suitcase, your stereo and all of your CDs
No more talking, just start walking
Cause all that's left for you to do is leave
Tell your lawyer it's all over
Forget what he's got up his sleeve
No more singing, no more whining
Cause all that's left for you to do is leave
All that's left for you to do is leave
You said goodbye a long, long time ago
There's the door, there's your car
Here's the keys
And all that's left for you to do is leave
Leave the dog here, he don't like you and we'll go walking anytime we please
Leave the cat here, leave my hat here, 'cause all that's left for you to do is leave
I'll keep the diamond on my finger and you'll keep all the bitter memories
Leave the dishes, no more kisses, 'cause all that's left for you to do is leave
All that's left for you to do is leave
You said goodbye a long, long time ago
There's the door, there's your car
Here's the keys
And all that's left for you to do is leave
All that's left for you to do is leave
You said goodbye a long, long time ago
There's the door, there's your car
Here's the keys
And all that's left for you to do is leave
There's the door, there's your car, here's the keys And all that's left for you to do is leave
