

Hooked on a Feeling

Jacob Sartorius

I think about you when I go to New York
I think about you when I brush my teeth
When I come home late and pass out on the floor
I dream of you, dreaming of me And I know you know I play it cool
Cause I hate to screw up good vibes like these
And I you know you know but I thinking too much
Cause I hate to screw up good vibes like these Girl you really got me hooked on feeling
So high, I hit the ceiling and I don't wanna come back down
Do you feel it too? Hooked on a feeling
This might just be the real thing and never come back down
Stay up with me, up with me
Do you think about me out in California?
Do you think about me when you comb your hair?
When you're alone and passing out late night
Do you wish I was there? I wish I was there And I know you know I play it cool
Cause I hate to screw up good vibes like these
And I you know you know but I thinking too much
Cause I hate to screw up good vibes like these Girl you really got me hooked on feeling
So high, I hit the ceiling and I don't wanna come back down
Do you feel it too? Hooked on a feeling
This might just be the real thing and never come back down
Stay up with me, up with me When I hear that song I'm just thinkin about you
Alone in my room, tell me what I could do
When I hear that song I'm just thinkin about you
Girl you really got me hooked on feeling
So high, I hit the ceiling and I don't wanna come back down
Do you feel it too? Hooked on a feeling
This might just be the real thing and never come back down
Stay up with me, up with me
