

# Monster

## Disturbed

End this suffering  
RAH!  
You made a monster of me  
Through all your wicked lies  
Forever tortured by you  
Abandoned at death's door  
Until I said no more  
Don't look away You're just a former regret of mine  
And when you want, just look away  
You're just a former regret of mine  
Erasing now  
You made a rock star of me  
Gave me this wicked life  
Paid to be tortured by you  
A life I now abhor  
And still I say, no more  
Don't look away  
You're just a former regret of mine  
And when you want, just look away You're just a former regret of mine  
Erasing now  
Think over all of the shit in your mind  
Think over and come to grip with it Think over all of the shit in your little twisted sick mind  
All said  
Think over all of the shit in your mind  
Think over and come to grip with it  
Think over all of the shit in your little twisted sick mind  
When you want  
Don't look away  
You're just a former regret of mine  
And when you want, just look away  
You're just a former regret of mine  
Erasing now  
You made a monster of me  
Until I say no more  
Don't look away  
You're just a former regret of mine  
Erasing now
