

# Torture (feat. Eric Krasno)

## Gramatik

Oh, Lord, help me take this woman out my life.  
I keep knocking the door.  
Oh, help me to stop this.  
But I can't, I can't be wrong, no.  
Oh, Lord, take me from this cold now.  
I feel it deep inside me.  
I can't see another thing that constantly reminds me.  
Oh no, oh no, oh no.  
Torture, torture.  
Oh don't you know.  
Torture, torture.  
Now everything must go, oh no.  
Now everything must go.
