

# Team

## Iggy Azalea

Turn me up, break the knob right  
I get dressed like it's prom night  
I feed them lemons in the limelight  
They say I'm full, lost my appetite?!  
(Hell nah) Keep on pushing like a dealer  
(Hell nah) Keep on shooting, Reggie Miller  
(Hell nah) Go and give 'em all the finger  
You gotta set the score right, call it Hans Zimmer  
My time wherever I go  
I took a chance like I'm from Chicago  
100+ in that Murcielago  
Bout to go ape, hey! Turn it to the congo  
Baby I got me  
Baby I got me  
And that's all I need  
Yeah that's all I need  
Baby I got me  
Only friend I need  
Playing on my team  
Is someone like...Me, baby, no way  
Watch me while I do my thing  
Oh, baby, no way  
Are you fucking with the team?  
Outchea, pronto  
Hit 'em with the dose, that's a combo  
Running through ya block, no fumble  
Bout to kill 'em all, where the shovel?  
See I gotta go for mine  
Benja-jammin' - that money on my mind  
Jamaican club, I'm stayin' on the grind  
Dutty wine, don't step on this land mine!  
Ven aqui, andele  
You tryna take flight? Do what I say  
100+ vogues on the highway  
Watch a new car dash, call me KylieBaby I got me  
Baby I got me  
And that's all I need  
Yeah that's all I need  
Baby I got me  
Only friend I need  
Playing on my team  
Is someone like...Me, baby, no way

Watch me while I do my thing  
Oh, baby, no way  
Are you fucking with the team? Are you workin' with some cash here, cash here?  
100, 000 on the dash yeah, dash yeah  
All my ladies shake it fast yeah, fast yeah  
Now vogue on that ass, yup! Yeah we in here  
Are you workin' with some cash here, cash here?  
100, 000 on the dash yeah, dash yeah  
All my ladies shake it fast yeah, fast yeah  
Now vogue on that ass, yup! Yeah we in here Baby I got me  
Baby I got me  
And that's all I need  
Yeah that's all I need  
Baby I got me  
Only friend I need  
Playing on my team  
Is someone like... Me, baby, no way  
Watch me while I do my thing  
Oh, baby, no way  
Are you fucking with the team? Team, team  
Team, team  
Are you fuckin' with the team?  
Are you fuckin' with the team?  
Are you fuckin' with the team?  
Are you fuckin' with the team?
