

People Say

Portugal. The Man

Save me, I can't be saved
I won't
I'm a president's son
I don't need no soul All the soldiers say
"It'll be alright,
we may make it through the war
if we make it through the night."
All the people, they say:
"What a lovely day, yeah, we won the war.
May have lost a million men, but we've got a million more."
All the people, they say.
Share with me all of your pain
I won't
Share your love
I need all your love All the soldiers say
"It'll be alright,
We may make it through the war
If we make it through the night."
All the people, they say:
"What a lovely day, yeah, we won the war.
May have lost a million men, but we've got a million more."
All the people, they say. Save me, I can't be saved
I won't
I don't need no love
I'm a president's son
All the soldiers say
"It'll be alright,
We may make it through the war
If we make it through the night."
All the people, they say:
"What a lovely day, yeah, we won the war.
May have lost a million men, but we've got a million more."
All the people, they say It'll be alright, It'll be alright
It'll be right now
It'll be alright, It'll be alright
It'll be right now It'll be alright, It'll be alright
It'll be right now
All the people, they say
