

# Impossible

## Building 429

You got a vision  
You got a dream  
But it feels a million miles away  
You got your passion  
You got to believe  
That this is why you were made It takes a little time  
Takes a little time  
It takes a little time to see  
I said it takes a little time  
Takes a little time  
It takes a little time to believe  
We can rise above the typical  
And be anything but usual  
We know  
We know  
We know  
That there's no such thing as impossible And nothing is unreachable  
When we trust the God of miracles  
We know  
We know  
We know  
That there's no such thing as impossible We're never given the spirit of fear  
Only the power of love  
We'll keep on running and not grow weak  
His strength is more than enough  
It takes a little time  
Takes a little time  
It takes a little time to see  
I said it takes a little time  
Takes a little time  
It takes a little time to believe Rise above the typical  
And be anything but usual  
We know  
We know  
We know  
That there is no such thing as impossible That nothing is unreachable  
When we trust the God of miracles  
We know  
We know  
We know  
That there is no such thing as impossible There is no such, no such thing  
There is no such, no such thing

There is no such, no such thing as impossible  
Impossible There is no such, no such thing  
There is no such, no such thing  
There is no such, no such thing as impossible Rise above the typical  
And be anything but usual  
We know  
We know  
We know  
That there is no such thing as impossible Nothing is unreachable  
When you trust the God of miracles  
We know  
We know  
We know  
That there is no such thing as impossible
