friends told me not to trust that Gloria
She's got ill intentions right from the start
I said you don't understand my Gloria
Complicated yes, but pure at the heart
Today I came home a little early
To find a stranger in my bed

And I said

Gloria

Why do you play with me?

If I'm the only one

Then who the hell is he?

Did you have sex all day?

Just to tease me all night

Whoa oh-oh, Gloria

Can you just tell me why?Why?

Gloria, why?

Gloria, why?

Gloria, why?

I decided to forgive my Gloria

Said she would never do it again

So I went on a ten day cruise with Gloria

Hoping to get back to where we began

Then one night

I came back with some red wine

Just to find two sailers in my bed

And I saidGloria

Why do you play with me?

If I 'm the only one

Then who the hell is he?

Did you have sex all day?

How could I be so blind?

Whoa oh-oh gloria
