

# In Between

## Jude

Well I knew a dealer, dan, and he'd say  
"don't worry 'bout me -  
I'm never gonna fit the plan  
And I'll never work for free"  
And then he spent some time in a state penitentiary  
I believe he made ten cents an hour  
And I knew a girl in college  
Sweet as the summer sun  
Never worried 'bout books and knowledge  
She was having too much fun  
And I hear these days she's living at home with a three year old son  
Reading up on women taking power  
The trees grow high  
And the leaves they grow green  
And me oh my all the things that I have seen  
Don't be surprised little bro  
When the world turns out mean  
Life is what happens in between  
Well I know a man, old man, about ninety five  
He could hardly see nor stand  
But he was goddamn glad to be alive  
And he said, "hey son go and taste of life!  
Get in your car and drive."  
And that's exactly what I do  
But out here on the road  
You know a man leads a simple life  
Don't carry no heavy loads  
Ad he don't get time for the lady or a wife  
But sometimes the stars aren't fallin'  
Oh no they don't shine so bright  
And that's when I wish I was home with you  
The trees they grow high  
And the leaves they grow green  
And me oh my all the things that I have seen  
Don't be surprised little bro  
When the world turns out mean  
Life is what happens in between  
Well you remember our dad, remember what he said?  
He said, "this here's a family,  
Gonna be together 'til we're dead"  
Ten years and two homes ago  
It ain't quite what turned out to be  
And I still hear those words  
They ring and ring and ring inside of me  
The trees grow high  
And the leaves they grow green  
And me oh my all the things that I have seen

Don't be surprised little bro  
When the world turns out mean  
Life is what happens in between  
Life is what happens in between
