## Cobra Starship

You know I try to get close to you  
You don't realize what you're putting me through  
The things I do, yeah I do 'em for you  
And I don't mean to seem presumptuous  
But I feel when you're looking at me  
Don't hesitate if you like what you see  
Don't be afraid cause I'm settin' you free  
Here's my philosophy Be, be my ho, cause I'm your money maker  
Be, be my ho, cause I'm your money maker You know I see you workin' the street  
You don't look back and you don't miss a beat  
But my heart it breaks  
When you get on your knees  
Why wont you let me take you home?  
Girl you know I'm a take care of you  
You say you got my baby  
But I know it ain't true  
G-A-B-E is a comin' for you  
It's my philosophy  
Be, be my ho, cause I'm your money maker  
Be, be my ho, cause I'm your money maker
