

Hip Hop

Wyclef Jean

Refugee public, Akon, and on and on
All hands on deck Can I go in for a minute?
Cause there's no limit to the Cash Money Hip Hop game Things done changed but they stay the same

I see molly is the new cocaine
I see them rappers with them big gold chains
Remind me of the Slick Rick rings
And Rakim was the microphone fiend
And Bobby Brown was the RnB king
Yeah, now every rapper wanna bang
What happen to the days we were all in the same gang?
Missy and Timbaland, original dubstep
And Bambaataa had our future on tape deck
Man, my daughter is seven I had to put her in check
And let her know that K.R.S.

Is more than letters in the alphabets
She's Will.I.Am'ing with her mommy
She's like: "Dad, let me teach you how to dougie"
Things done changed but they stay the same
I'm bumping Nas in the Range down memory lane
Talib, Mos Def, PE bought them lectures
My first music video Rakim, I was the extra
Run DMC ran rap, now run's a preacher
And we all are poor righteous teachers
Krush grooving, body moving
Rhazel, Doug E. Fresh, Biz Mark had me beat boxin
And Kim, Foxy and Eve are all warriors
Ya MC Lytes, ya not B's, yall Queen Latifah's
Looks... pretty Nicki's in Ibiza
And every fella had a crush on Salt N Peppa
She so Naughty By Nature, Long.Live.A\$AP
Written on a Wolf Gang back pack
Things done changed but they stay the same
I see molly is the new cocaine

Yeah I see the rappers man poppin' champagne
Them Beastly Boys that Rick Rubin
And Big L was the lyrical king, and Bobby Brown was the rnb king
And we all wanted to be Russell Simmons
What happened to the day when we were all in the same gang? Yeah my young cousins rock
Chief Keef tattoos
They say Easy E, what an attitude
I'm talking Cypress Hill, I'm talking Ice Cube

I'm talking Ice-T, Dr Dre, Snoop
 Bone Thugs-n-Harmony, Crucial conflict
 Twista, Tech N9ne, flipped it this way
 I'm talking from back in the day in the bay
 Keak Da Sneak and the homie Mack Dre
 They should have made a hip-hop dictionary written by E-40
 Red & Meth, Keith Murray, Kanye, Trick Daddy, Too \$hort
 Flo ridin' with a Pitbull, Miami going crazy
 Bambi, Pimp C, UGK, Master P
 Had me listening to the south in a new way
 And I miss Outkast like people miss the Fugees
 And there's a Birdman watching over New Orleans
 And Scarface never seen a thug cry
 Till he seen his Dogg Nate singin' hooks from the sky Things done changed but they stay the
 same
 I see molly is the new cocaine
 I see them rappers with the big gold chains
 LL Cool J Ja, Irv, Murder Inc Fat Joe, Big Pun, Cuban Link
 We all wanted 5 mics in The Source magazine
 French Montana at the Red Café
 Wiz Khalifa rol the paper up 'we're all in the same gang' When I hear Waka, I hear ODB slang
 I'm talking Wu Tang, Raekwon, 2Chainz
 EPMD remind me of them Coke boys
 And Joey Bada\$\$'s, Uncle Murda, boys
 Grandmaster Flash red alert, I'm talking Kool Herc
 Jazzy Jeff, Fresh Prince brought it to suburbs
 And hip hop will never be the same
 Since Eminem lost Proof and Heavy's out the game
 We still immortal with the technique, making good music
 But the tables ain't been the same since Jam Master used it
 And Common used to love her and her 2Live Crew
 Cause she stuck to her roots and let the DJ Screw
 From Busta, Jay, Meek Mills to Tip to Quik
 Kendrick Lamar, Luda, Ross, Wayne and Drake
 50, Future & Game, Tribe Quest, Wale
 And if we miss you, Puff Daddy do the remix Things done changed but they stay the same
 I see molly is the new cocaine
 A new Jesus piece with Chris Lighty's name
 Biggy and Pac, East and West Coast kids
 Mary J Blige, RnB queen
 G-Unit, Ruff Ryders, Mobb Deep, DMX
 Lox, Dipset, and we all in same game
