

Sin In Justice (feat. Apocalyptica)

VAMPS

My knight's in play
Your bishop is dead
Embrace it!(Lose your sin in justice)
They say I'm hopeless but I'm in charge
Shut up and get the hell away!
(Lose your sin in justice)I lose and gain
My pawn's in play
Destroy it!
(Lose your sin in justice)They say I'm heartless but I don't care
The winner will make history
(Lose your sin in Justice)
So radiant - what's shining in your eyes?
Can you see it - a way to our new life?Mysterious - what's hiding in your eyes?
Can you see it or are you just blind?
Oh, I don't wanna know(Sin in justice) Do you understand?
(Sin in justice Do you understand?
(Sin in justice) Do you understand?
(Lose your sin in justice)So radiant - what's shining in your eyes?
Can you see it - a way to our new life?Mysterious - what's hiding in your eyes?
Can you see it or are you just blind?
Oh, I don't wanna know(Sin in justice) Do you understand?
(Sin in justice Do you understand?
(Sin in justice) Do you understand?
(Lose your sin in justice)
There is a sin in every win
And every loss - true justice lives within
There is a sin in every win
And every loss - true justice lives within
