

# Stay Together

Noah Cyrus

I drank straight to my head  
I went outside to smoke a cigarette  
And I shattered my phone on the cement  
But I don't give a fuck  
Now I'm not making sense  
I'm laughing at a joke that I don't get  
I'm acting like these strangers are my friends  
But I don't give a fuck  
Yelling at the DJ, "Bro, your shit is boring"  
Doing things that I will not regret until the morning  
Imma make it rain down, another round is on me  
I'm just here for fun and I don't care about the money  
Hey, hey  
Oh, whoa-oh-oh  
Nothing lasts forever  
But wouldn't it be nice to stay together for the night?  
Whoa-oh-oh  
We can do whatever  
As long as we're together then we're gonna be alright  
Don't leave, just wait  
You can tell your friends that you're staying out late, singing  
Oh, whoa-oh-oh  
Nothing lasts forever  
But wouldn't it be nice to stay together for the night?  
Alright, alright, finish your G&T  
The Uber's here, so now it's time to leave  
Hey driver, could you pass the AUX to me?  
Go ahead and turn it up  
Head out of the window  
You could call me shameless  
Waving to my people now I'm acting like I'm famous  
Tell 'em, "Take the long way"  
We could see the sun rise  
Damn, you look so pretty when the sunlight hits your blue eyes  
Oh, whoa-oh-oh  
Nothing lasts forever  
But wouldn't it be nice to stay together for the night?  
Whoa-oh-oh  
We can do whatever  
As long as we're together then we're gonna be alright  
Don't leave, just wait  
You can tell your friends that you're staying out late, singing  
Oh, whoa-oh-oh

Nothing lasts forever  
But wouldn't it be nice to stay together for the night? For the night  
For the night, oh yeah  
I drank straight to my head  
I went outside to smoke a cigarette  
And I shattered my phone on the cement  
But I don't give a fuck Oh, whoa-oh-oh  
Nothing lasts forever  
But wouldn't it be nice to stay together for the night?  
Whoa-oh-oh  
We can do whatever  
As long as we're together then we're gonna be alright  
Don't leave, just wait  
You can tell your friends that you're staying out late, singing  
Oh, whoa-oh-oh  
Nothing lasts forever  
But wouldn't it be nice to stay together for the night?
