## The Asteroids Galaxy Tour

higher  
come take me higher  
my sweetest joy  
you're my love  
you're my fallfire  
i'm your admirer  
guess we're blinded by the writings on the wall[chorus]  
it's gonna get crazy  
it's gonna get mad  
it's gonna get hazy  
making me sad  
it's gonna get crazy  
it's gonna get mad  
it's gonna get hazy  
oo, so sad  
oh no  
can we have no no  
please help me disappear for good  
for a whilelet go  
if only i could let go  
of the echoes in my mind from this love cry- i.i.ing[chorus]ohwell-eh-ell  
yeah heyeeh ehlonger  
not too much longer  
can i run your race-less mile  
on my face  
thunder  
my little wonder  
we're more than closer to the end of our days[chorus]i run away
