

Out of Your Mind (feat. Chris Brown)

French Montana & Swae Lee

Mally Mall
Out of your mind I was with you that time
Walking with me, you're out of your mind
I was with you that time True (out of your mind)
I was with you that time
You're fucking with me, out of your mind (out of your mind)
Watching your body like a yardie
Turn in to the max, that's word to Charlie
We is who they say they are
Champagne, caviar
Big tool like the Navy, yeah
Hop, hop out the coupe of mine
Super mind, shooters in a suit and tie
Stayin' here with the bod', they was watchin' God
Hold up, hold up, she lookin', snatch her body
Kurt Cobain, out of your mind
Save Montana, you're out of your mind Out of your mind
I was with you that time
Walking with me, you're out of your mind
I was with you that time True (out of your mind)
I was with you that time
You're fucking with me, out of your mind (out of your mind)
Watching your body like a yardie
Turn in to the max, that's word to Charlie
She pull on my pants and she say, "Let's go"
She holdin' my hand goin' to the dance floor
She wine up, she wine up, she wine up
Then throw that damn peace sign up Bad boy, that nigga only back and forth
The only back and forth is fast and slow
She sign up, she sign up, she sign up She doin' somethin' to control the vibe
She give me lovin' and it multiplies
She got that fatty and it's supersize
I gotta have it, yeah, it's sweet, oh my (oh yeah)
Man's on it gonna la-di-da-di
Don't tell nobody, it's a private party
Experience in and out of body
Really crazy, you're out of mind Out of your mind
I was with you that time
Walking with me, you're out of your mind
I was with you that time True (out of your mind)
I was with you that time
You're fucking with me, out of your mind (out of your mind)
Watching your body like a yardie

Turn in to the max, that's word to Charlie
Out of your mind
